

Retirement was not in the cards for Dr. Donna Humphries, an educator for nearly 40 years. After the COVID lockdown, Dr. Humphries prayed for a part-time position to fulfill her passion for teaching. She joined ALCA in the fall of 2021 teaching senior psychology, speech communications, and math. Dr. Humphries has a Bachelor of Science degree in Elementary and Early Childhood Education, a Master of Science degree in school counseling, and a Doctorate degree in Education Administration and Supervision.

Before stepping on the campus at Abundant Life Christian Academy, Dr. Humphries served the public schools in the areas of teaching, counseling, and administration while working part time at UALR as an adjunct psychology professor for 30 years. After retiring from public schools in 2012, Dr. Humphries traveled the country as an educational consultant assisting schools to improve student achievement and teaching teachers how to be better teachers until COVID hit in 2020.

Dr. Humphries met her husband of 36 years in church and is the proud mother of three and the grandmother of nine. In her spare time, she loves to bake and perform as a Patsy Cline Tribute Artist. Her talent has been showcased on numerous Royal Caribbean, Princess, Carnival, and Cunard cruise ships and at various venues in the United States.
